Dial 112 and send SMS to your loved ones

### Police Help Directory

Find nearby police stations quickly

### BLE Safety Tag

Stay connected with your essentials

### Mobile Tracking

Track your mobile for added safety

### Intruder Photo Capture

Capture unknown person's photo as evidence

### Siren & Distraction

Sound a loud siren to create a distraction

### Volume Button SOS

Send emergency message using volume button

## 8 Powerful Features. One Mission – Your Safety.

**1**

### Send your location to 4 guardian

Share your live location instantly with up to 4 guardians so they can reach you faster in an emergency.

Instant sharing, Your safety, our priority, Live location shared.

**2**

### Dial 112 and send an SMS

Dial 112 instantly and send an emergency SMS to your close relatives with your location.

Instant call to 112, Emergency SMS sent, Quick help, better safety.

**3**

### List of Police Station in Maharashtra

Find nearby police stations with addresses and phone numbers. Contact local police quickly whenever you need.

Contact local police quickly when you need help.

**4**

### Stay Connected with BLE Safety Tag

Attach your BLE tag to your essentials and stay connected wherever you go.

Stay Connected, Instant Alert, Always Protected.

**5**

### Track your mobile

Track your mobile for up to 1 hour. Your close relatives can track your mobile easily, making it easier to locate your position.

Track your mobile for up to 1 hour, Your safety, our priority.

**6**

### Capture a photo of the unknown person

Alerto SOS automatically captures a photo of an unknown person who attempts to unlock your phone, which can later be used as evidence.

Automatic photo capture, Helpful as evidence, Your safety, our priority.

**7**

### Sound the siren and cause a distraction

Alerto SOS provides a feature to sound a siren, creating a loud noise to cause a distraction and give you a chance to escape from danger.

Loud siren sound, Instant attention in emergency, Create a chance to escape.

**8**

### Send an emergency message with the volume button

You can trigger an emergency message by simply pressing the up or down volume button, allowing you to discreetly ask for help without needing to unlock your phone or open the app.

Discreet & Quick, Instant message to your guardians, Without unlocking or opening the app.

**ALERTO SOS**  
Always With You, Always Protecting You.

## STEP 8

# Personal Safety Active

Activate Personal Safety to keep yourself protected. ALERTO SOS will sound a loud siren even if your phone is in Silent or Vibration mode.

**Do Not Disturb Permission**  
Allows the app to play loud alerts even in Silent or DND mode.

**Loud Siren**  
Tap the center button to play a loud siren instantly.

**Alert People Around You**  
The loud sound alerts people nearby so they can help you.

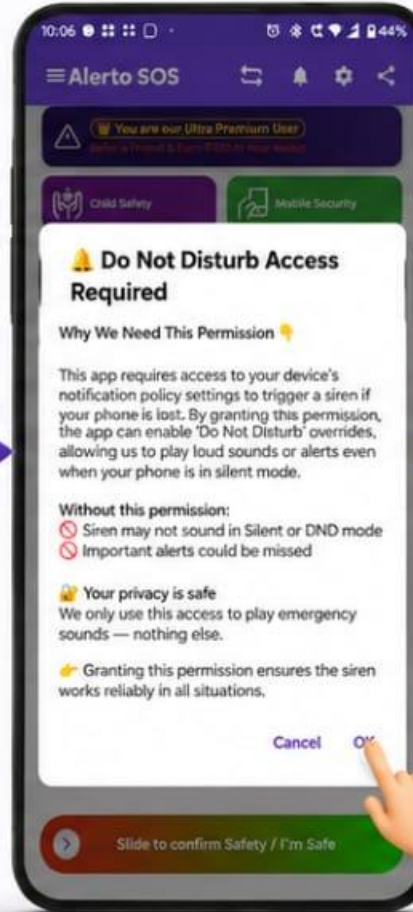

**Your Safety, Our Priority**  
We use this permission only to play emergency sirens.

### 1 Tap on Personal Safety Active

### 2 Allow Do Not Disturb Permission

### 3 Personal Safety Activated

### How It Works

**Permission Enabled**  
We need Do Not Disturb access to play loud alerts even in Silent mode.

**Tap to Activate Siren**  
Tap the big SOS button to start a loud siren instantly.

**People Get Alerted**  
The loud siren alerts people around you.

**Help Arrives Faster**  
Nearby people can respond quickly and help you in time.

**Works in Silent or Vibration Mode**  
ALERTO SOS ensures loud alerts reach out, no matter your phone setting.

Loud Siren

**ALERTO SOS**  
Always With You, Always Protecting You.

# Advanced Community Safety Features

Smart Tools for Stronger, Safer & Connected Communities

## 1 Broadcasting Call – Reach Everyone Instantly

Send emergency or important messages to all members in seconds.

### What You Can Send

#### Text Alerts

Send important text messages instantly.

#### Voice Messages

Record & send voice announcements.

#### Emergency Alerts

Notify members about emergencies.

#### Location Alerts

Share location or safety updates.

### Force Alert Advantage

Alerts will reach members even if:

DND ON

Silent Mode ON

Screen Locked

Popup stays till user Dismisses

**No One Will Miss Important Alerts!**  
Forced popup until dismissed.

## 2 Safety QR – Quick Help in Emergency

Create Safety QR codes based on your community type.

### Examples by Community Type

#### Housing Society

##### Flat QR

##### Flat / Unit QR

Helps identify the owner of the flat.

##### Vehicle QR

##### Vehicle QR

Helps identify the owner of the vehicle.

#### School

##### Student ID QR

##### Child / Student QR

Helps identify the child in emergency.

##### School Bag QR

##### Bag QR

Helps return lost bag to the owner.

### How It Helps

Scan QR

View Basic Owner Info

Quick Help in Emergency

Scan • Identify • Help  
Quick information, Faster help.

## 3 Community Attendance – Powered by Alerto SOS TAG

Real-time tracking & attendance using Alerto SOS TAG.

Sends signal every 30 seconds

Long battery life

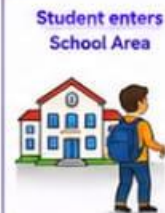

Easy to carry – in bag, pocket or ID card

Accurate real-time location updates

### How It Works

Student enters School Area

TAG sends signal every 30 sec

Live tracking on Dashboard

Attendance Marked

### Benefits for Schools & Communities

Accurate Attendance

Live Location Tracking

Route / Area Monitoring

Safety & Security Assurance

Instant Notifications

Track • Monitor • Protect  
Every 30 seconds. Every time.

Create 1 Community  
Of Your Own

Join Unlimited

Stronger & Safer

**ALERTO SOS**

Always With You, Always Protecting You.

# Link Check – Verify Suspicious Links

Protect yourself from online frauds, fake websites, risky files and mobile security threats.

Verify Before You Click, Stay Safe Every Time

## What is Link Check?

Link Check provides quick access to important digital safety tools and government services to help you verify, report and protect yourself in the online world.

## How It Works

## Your Safety, Our Priority

All tools are official government portals or trusted digital safety services to keep you safe.

## 5 Powerful Digital Safety Tools

1

### Stolen Mobile FIR

Report your lost or stolen mobile and file an FIR on the official portal.

Track your complaint status and help recover your device.

2

### Safe Link Checker

Check any URL or website link for safety and authenticity.

Detect phishing, scams and fake websites before it's too late.

3

### Unsafe File Checker

Scan suspicious files to detect malware, virus or risky content.

Check before you download and stay safe.

4

### My Mobile Connection

Check how many SIM cards are issued on your name.

Find unauthorized connections and take action.

5

### Block / Unblock Stolen Mobile

Block your stolen or lost mobile instantly.

Unblock your mobile if recovered through official process.

One Tap Access to Important Government & Safety Services

Why Use Link Check?

Prevent Online Fraud

Detect Fake Websites

Verify Suspicious Files

Manage Your Mobile Connections

Protect Lost or Stolen Mobile

Verify • Protect • Secure • Stay Safe  
Smart Tools for a Safer Digital Life

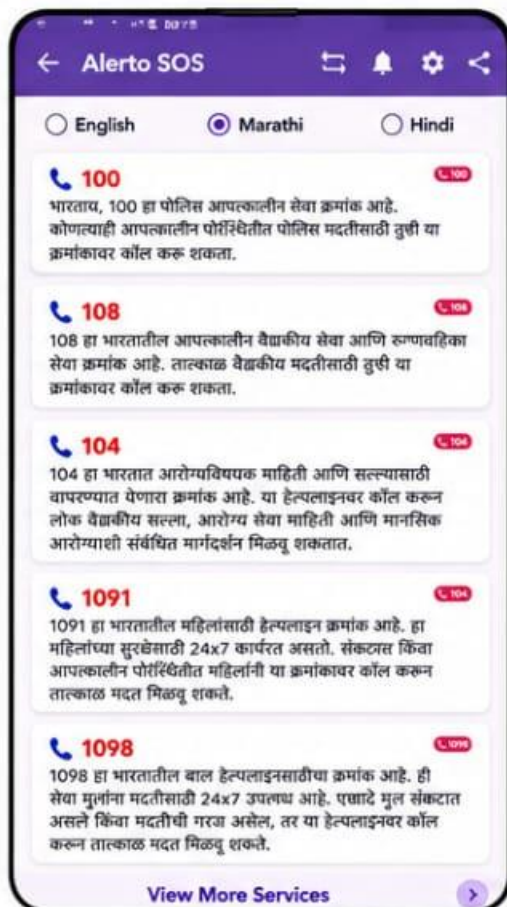

# All Emergency Services

## One Tap Emergency Assistance with Alert to Your Contacts

ALERTO SOS provides quick access to all important emergency helpline numbers. Get help faster and keep your loved ones informed.

### HOW IT WORKS – SEND ALERT & CALL

#### 1 Select Any Emergency Service

Choose the required emergency service from the list.

#### 2 Confirm Your Action

Choose 'Send Alert & Call' to alert your contacts first, then call the helpline.

#### 3 Emergency Alert Sent

Alert message, live location and SMS sent to all your emergency contacts.

#### 4 Call Connected

After alert is sent, you will be automatically connected to the selected toll-free emergency number.

### KEY FEATURES

**Alert Your Contacts First**  
Instant alert with your location and emergency message.

**Live Location Sharing**  
Your live location is shared for faster response.

**Emergency SMS**  
Automatic SMS sent to all registered contacts.

**Auto Connect Call**  
Automatically connects you to the selected toll-free number.

**Trusted & Verified Numbers**  
All numbers are official and verified government helplines.

### Why It Matters?

- ✓ Faster help in critical situations
- ✓ Keeps your family informed
- ✓ Increases your safety and security
- ✓ Every second can save a life

# Child Safety Module

Smart Family Controls for a Safer Tomorrow

Alarm Management • Join To Parent • User Control

## 1 ALARM MANAGEMENT

### Remote Alarm Scheduling

Parent can remotely set alarms on the child's device.

Useful for exams, school timings, tuition, and study reminders.

Helps children maintain discipline and daily routines.

Alarm can be configured even when the child is away.

Parent Sets Alarm Remotely

Alarm Rings on Child's Device

## 2 JOIN TO PARENT

### Connect With Trusted Guardians

Child chooses who can monitor and protect them.

Secure parent-child linking system.

Multiple guardians can be connected if required.

Transparent and permission-based monitoring.

Child's Device

Safe • Trusted • Connected

Parent / Guardian

## 3 USER CONTROL

### Device Usage Monitoring

Create separate user profiles.

Assign individual PINs.

Track app usage by each user.

Perfect when children temporarily use a parent's phone.

Know who used the device, which apps were accessed, and for how long.

# Child Safety Module

Advanced Protection. Secure Access. Complete Peace of Mind.

Set Password • App Protection • Advanced Security

## 1 SET PARENT PASSWORD

Secure Parent Access

### Strong Password Protection

Parent password is required to access and change any settings.

### Secure & Private

Prevents unauthorized access to child safety controls.

### Easy to Manage

Parent can change password anytime for better security.

Your password protects your child. Keep it strong. Keep it safe.

## 2 APP UNINSTALL PROTECTION

Prevent Uninstall & Tampering

**Block Uninstall**  
App cannot be uninstalled without parent password.

**Tamper Proof**  
Prevents children from disabling protection features.

**Always Active**  
Continuous protection to keep your child always safe.

Once enabled, Alerto SOS stays protected and can't be removed without permission.

## 3 ADVANCED SECURITY

Complete Safety. Always.

**Child Tampering Prevention**  
Kids cannot change settings, uninstall the app or disable protection.

**Continuous Monitoring**  
All activities are monitored in real-time for complete safety.

**Instant Alerts**  
Get notified instantly about suspicious activities, location changes and more.

**Data is 100% Secure**  
All data is encrypted and accessible only to authorized parents.

### Protection Summary

|                              |    |

# Mobile Security Module

Protect Your Device Even When It is Out of Your Hands

## CORE MOBILE SECURITY FEATURES

### 1. INTRUDER PHOTO CAPTURE

Automatically captures photo when someone tries to unlock your phone without permission.

Know who tried to access your device.

### 2. REMOTE SIREN ACTIVATION

Activate a loud siren remotely from a trusted relative's phone. Useful if the device is lost during travel, events, or public gatherings.

Find your phone quickly & deter thieves.

### 3. REMOTE GPS TRACKING

Track your phone's live location from another authorized device. Real-time tracking helps you recover your lost or stolen phone.

Live location. Real-time security.

### 4. SIM CARD CHANGE ALERT

Detects SIM replacement instantly and sends SMS containing new number and current location to your 4 relatives.

Instant alert. Critical information.

# REMOTE SIREN ACTIVATION & REMOTE GPS TRACKING

Find Your Phone. Track It. Get It Back.

### 1. REMOTE SIREN ACTIVATION

Activate a loud siren remotely from a trusted relative's phone and find your device quickly.

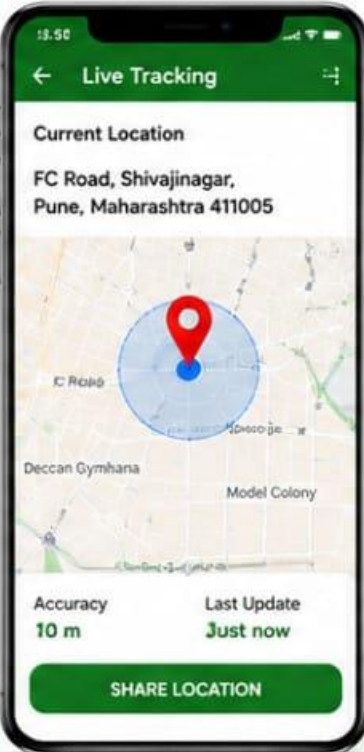

#### BENEFITS

- ✓ Loud siren even in silent / vibration mode
- ✓ Helps locate phone nearby
- ✓ Deters thief and attracts attention
- ✓ Useful in parties, events, travel & public places

### 2. REMOTE GPS TRACKING

Track your stolen or lost phone in real-time from a trusted relative's mobile.

Real-Time Live Location

Continuous Tracking

Share with Family

Location History

#### BENEFITS

- ✓ Track in real-time from anywhere
- ✓ Share live location with family
- ✓ Helps recover device faster
- ✓ Peace of mind 24x7
